EDUCATION

GD Goenka University   **Haryana, India**
B.S. in Computer Science   *Expected Graduation, May 2027*

EXPERIENCE

GAO Tek   **India, Remote**
WordPress Developer | Squad Leader - Intern   *February 2025 – June 2025*
- Built and maintained responsive WordPress websites using PHP, MySQL, HTML/CSS, and Elementor, customizing themes/plugins and ensuring SEO optimization.
- Led and mentored 30+ interns while collaborating across teams to enhance user experience and streamline operations.

Unified Mentor   **India, Remote**
Full Stack - Trainee   *April 2025 – May 2025*
- Completed hands-on training in full-stack web development using the MERN stack and modern front-end frameworks like React.js and Vue.js, with experience in responsive design, state management, and asynchronous JavaScript.
- Built and deployed real-world web applications, applied version control with Git/GitHub, optimized performance, and showcased skills through a professional portfolio website.

Neuxa Global   **India, Remote**
Back End Developer - Intern   *May 2025 – Present*
- Participating in real-time web development projects under the guidance of industry professionals.
- Building scalable backend services using TypeScript and Express.js.
- Managing data with MongoDB and MySQL, leveraging TypeORM for object-relational mapping.
- Developing and integrating RESTful APIs, working with real data in production and test environments.
- Applying modern software design patterns while collaborating on live project deployments and completing structured training to enhance backend development skills.

PROJECTS

School ERP   **Haryana, India**
Team Lead   *February 2025 – March 2025*
- Developed ERP features, a social feed with user interactions, and integrated AI for academic planning using React.js, Node.js, MongoDB, and REST APIs.
- Built a social feed with post sharing (Instagram-style) and a user-following system to deliver relevant notifications and enhance interaction.

Music Player   **Haryana, India**
Personal   *March 2025 – April 2025*
- Built a modern, responsive music player web app with React 19, Vite, and TailwindCSS, enabling users to play, pause, skip tracks, control volume, and seek within songs.
- Implemented playlist management with sample tracks, displaying song details such as title, artist, album cover, and duration.

Student-Teacher Appointment System   **Haryana, India**
Personal   *March 2025 – April 2025*
- Developed a role-based web application using React, Firebase Authentication, and Firestore to schedule and manage appointments between students and teachers.
- Implemented user dashboards, appointment management, messaging, and protected routes, with comprehensive logging for monitoring and debugging.

ACTIVITIES AND LEADERSHIP

- ***Squad Leader, GAOTek Inc.*** *– Led and mentored 30+ interns, overseeing tasks, training, and performance while collaborating across teams to deliver quality web projects and improve engagement.*
- ***Team Lead, GD Goenka University*** *– Participated in Ingenium Inter-University Competition (National Science Day), leading the deployment of a functional ERP system with my team.*
